Late Arrival and No Show Policy

If you can't make the appointment or are running late, call and let us know as soon as possible. While we understand that life is unpredictable, if you don't show up for an appointment or come late, many people are affected including other patients and the clinic staff. With that in mind, please understand that we will charge a \$50.00 fee if you repeatedly don't show up for an appointment and don't call. If you are late, we will try to accommodate you but if we are having a busy day, we may have to reschedule. That said, please know patient care is our priority and we understand that sometimes absences and delays cannot be avoided. We will work with you to make sure your health concerns are addressed.

Privacy Policy: We adhere to the Health Insurance Portability and Accountability Act (HIPAA). If you would like to give us permission to discuss your health with designated individuals, your spouse or members of your family, let the staff know.

We wish you the best of health and look forward to working with you.
